Work Experience

Senior Creative Designer

2020 - Present

Sertis Co., Ltd

- Built and deployed interactive web prototypes using AI-assisted development tools with GitHub/GitLab workflows.
- Produced end-to-end AI-generated video content using Flow, Magnific, Glok, Google AI Studio, and CapCut.
- Led UX/UI design for web and mobile applications using Figma, delivering user flows, wireframes, interactive prototypes, high-fidelity interfaces, and developer-ready handoffs.
- Designed and maintained scalable design systems and UI guidelines to ensure consistency across products.
- Applied user-centered design principles to create intuitive, accessible, and responsive user experiences.
- Conducted UX evaluations and iterated designs based on user behavior, stakeholder feedback, and data-driven insights.
- Leveraged Google Analytics to optimize user journeys, inform content strategy, and guide design decisions.
- Collaborated with product managers, engineers, marketers, and cross-functional stakeholders to align user experience with business goals.
- Created digital marketing assets, motion graphics, and social media content for Meta, TikTok, and Instagram campaigns.
- Integrated AI tools, including ChatGPT and Gemini, to accelerate ideation, streamline workflows, and improve design efficiency.
- Implemented UTM tracking to measure campaign performance and analyze user acquisition channels.

Creative Designer

2017 - 2019

Sertis Co., Ltd

- Produced visual content, including graphics and videos, for internal communications and client-facing campaigns.
- Designed and managed social media content in collaboration with clients and marketing teams.
- Created promotional materials and brand assets for corporate events and marketing initiatives.
- Maintained and updated the company website using Wix, ensuring a consistent and user-friendly experience.

Personal Project

- Developed and deployed a web application integrated with the LINE Messaging API for real-world use.
- Built and launched an AI-assisted game, managing the project from concept to deployment.

Education

Bachelors Degree in Multimedia Technology

2014-2017

Thai-Nichi Institute of Technology
