

Hatairat Wattanachaiyan

I am a Senior Graphic and UX/UI Designer with over 8 years of experience in the tech industry, specializing in user-centered digital experiences for web and mobile, with strong expertise in user flows, wireframes, interactive prototypes, and high-fidelity UI design.

Proficient in design and AI tools, I translate complex business and user requirements into intuitive, functional solutions, collaborating closely with product and engineering teams to deliver measurable impact.

Work Experience

Senior Creative Designer

2020 - Present

Sertis Co., Ltd

- Led UX/UI design for web and mobile using Figma, delivering user flows, wireframes, clickable prototypes, and high-fidelity designs for development handoff.
- Applied user-centered design principles to ensure usability, accessibility, responsive layouts, and intuitive user experiences.
- Designed and maintained design systems and UI guidelines to ensure consistency and scalability across digital platforms.
- Produced functional design documentation to clearly communicate design logic, interactions, and system behaviors to stakeholders and developers.
- Conducted UX evaluations and iterative improvements based on user behavior, feedback, and data-driven insights.
- Collaborated cross-functionally with product, engineering, marketing, and other stakeholders to align UX solutions with business objectives.
- Optimized Wix websites using Google Analytics, improving information architecture, CTAs, engagement, and reducing drop-offs.
- Created digital marketing assets and motion content for social platforms (Meta, TikTok, Instagram) aligned with campaign objectives.
- Leveraged AI tools (ChatGPT, Gemini) to accelerate ideation, streamline workflows, and improve design efficiency.
- Delivered high-quality UX/UI solutions under tight deadlines with a strong problem-solving mindset and attention to detail.
- Implemented UTM tracking codes to measure campaign performance and identify user acquisition sources.

Creative Designer

2017 - 2019

Sertis Co., Ltd

- Created and produced images and videos for both internal and external communications.
- Managed social media content by designing, planning, and coordinating with clients.
- Designed promotional materials and souvenirs for company events.
- Maintained and updated the company website using Wix to ensure a seamless user experience.
- Collect data on individuals interacting with the company's social media across various channels.
- Develop creative content and fresh ideas to present to clients and internal team.

Graphic Designer Internship

2016 (4 months)

Kantana Motion Pictures Co., Ltd

- Create artwork and illustrations to promote movies and series.
- Design characters for use in animated videos.
- Develop props and images for movie and series shoots.
- Source costumes and props for actors.

Education

Bachelors Degree in Multimedia Technology

2014-2017

Thai-Nichi Institute of Technology
